Excellence in Dentistry

Dr. Pamela Caggiano is making her patients smile with her gentle hands and her sense of humor in her modern, relaxing, Henderson office located at Pecos and Robindale.

Providing the pampering service to which her patients are accustomed, she is brightening smiles one at a time. "People have their own visions of what their smiles should look like; I like to help them get there," says Dr. Caggiano.

Offering teeth whitening, same-day all porcelain crowns, conservative porcelain restorations, Invisalign (invisible braces) and multiple other services to enhance smiles, Dr. Caggiano explains all the choices to her patients so they can make informed decisions about their care. Her office also utilizes specialists whenever appropriate so her patients can get the best care available for their needs.

Dr. Caggiano graduated from the State University of New York at Buffalo School of Dental Medicine. She was awarded the prestigious Pediatric Dentistry Award and was recognized by the Academy of Dentistry for Persons with Disabilities for outstanding work with the disabled. She then pursued advanced continuing education in the field of Esthetic Dentistry and participated in the world renowned Esthetic continuum

given by the University of Minnesota Dental School, one of only two University-Based Esthetic Certificate programs in the country. Continuing education is very important to Dr. Caggiano. She continually exceeds the requirements set forth by the Nevada State Dental Board and her staff also participates.

Caring for adults and children, Dr. Caggiano's primary focus is creating confident, healthy smiles. The art of exceptional dentistry is combining preventive and restorative procedures with esthetics for a beautiful, comfortable result.
